| | | | |
|-------------------|------------|------------------|------------|
| Patient Name: | Jones, Jim | ISDH Lab Number: | AF0800115 |
| Patient ID: | 12345 | Opscan #: | 0123456780 |
| Birth Date: | 04/03/1995 | Date Collected: | 04/02/2008 |
| Type of Specimen: | Serum | Date Received: | 04/02/2008 |

| <u>HIV Serology</u> | <u>Result</u> | <u>Interpretation:</u> |
|---------------------|---------------|------------------------------------|
| EIA | Non-Reactive | Antibody to HIV-1 was Not Detected |
| WB | Positive | Antibody to HIV-1 was Confirmed |

* PRIOR RAPID TEST WAS REACTIVE; ANTIBODY TO HIV-1 WAS CONFIRMED BY WESTERN BLOT FOR THIS SPECIMEN.

A new specimen from this patient should be submitted for POSITIVE result VERIFICATION if this is the first positive result for this individual.

NOTE: Clinical diagnosis and therapy should not be based solely on this/these serological assay/assays. The result(s) should be considered in conjunction with clinical information and/or additional tests.
